## LOWER CONSUMPTION

One sheet dispensed at a time means less paper is used and fewer refills are required.

IMPROVED  
SYSTEM

## NO WASTE

The new roll is not released until the very last sheet of the previous one is used.

IMPROVED  
SYSTEM

## CONTINUOUS FEED

The automated mechanism ensures that as soon as the stub roll is finished the next roll is ready.

## SATISFIED CONSUMERS

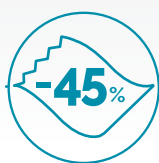

Your customers never find themselves paperless and, because they only touch the sheet dispensed, enjoy a more hygienic experience.

## **LOWER CONSUMPTION**

One sheet dispensed at a time means less paper is used and fewer refills are required.

## **SMOOTH DISPENSING ACTION**

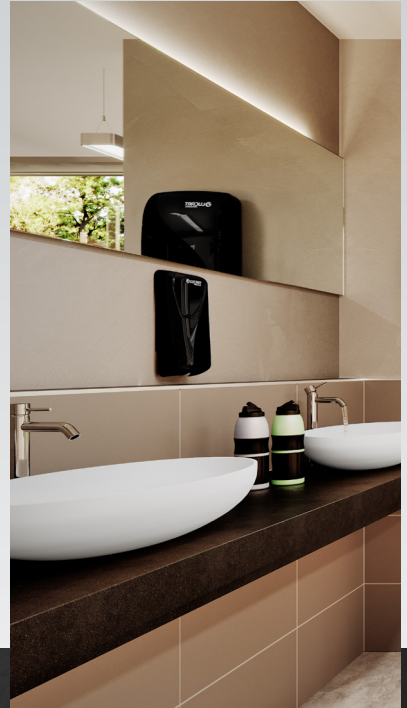

The redesigned mechanism makes for an even smoother, more efficient dispensing action.

## **SATISFIED CONSUMER**

The user only touches the sheet dispensed, so there is no contamination risk. Paper hand towels are also recommended by WHO.

# FOAM AND SPRAY SOAP

## THE SOFTNESS OF FOAM AND THE CONVENIENCE OF SPRAY

One soap, two ways to use it. Choose from the pleasure of foam or the practicality of a spray.

NEW PRODUCTION

## PRODUCED BY LUCART

As part of its commitment to supply chain integrity, Lucart has expanded its range and now manufactures soap in house.

NEW REFILL

## NEW BOTTLE REFILL SOLUTION

A new compatible bottle replaces the previous sachet to make refilling easier than ever.

## CERTIFIED FOR SENSITIVE SKIN

Lucart soap is dermatologically tested and ecologically certified.
